Statement re: Viva Energy Geelong Refinery

I write to provide an update following the incident on Wednesday 15 April 2026 at the Viva Energy Geelong Refinery.

I confirm the School was not directly impacted by this incident which was confined to the Refinery site. The School has maintained regular contact with Victoria Police and been guided by advice from Fire Rescue Victoria and the Environment Protection Authority. We are informed ongoing air monitoring at the Corio campus shows air quality to be 'normal'.

Term 2 will commence as planned, and indeed, with great excitement: we look forward to welcoming all students back to our three campuses, and especially our ELC and Junior School students who will join our Corio campus for the first time in the School's history.

As always, the care, safety and wellbeing of our students and colleagues remains our paramount priority.

Rebecca Cody
Principal
